

Welcome to the latest Good Giving News from Giving West.

Giving West Annual Review

Since the establishment of Giving West we've had the opportunity to be part of the growth of giving in WA, and we believe philanthropy conversations are more numerous, richer and deeper. We also believe that there has been a subtle but discernible positive shift in the attitudes to giving in WA.

On behalf of our CEO, Kevin MacDonald, and the Giving West board, we would like to take this opportunity to thank you for your ongoing support and involvement as we further develop an active culture of giving in Western Australia.

To enable us to continue to do this effectively, we would like to receive some feedback regarding our events and resources, as well as gain some insight into your perspectives on potential future services Giving West. **We would greatly appreciate if you could complete the following 2 minute survey:**

Survey results are anonymous, and they will be used to ensure that Giving West is a relevant resource that adds value to those we connect with. We appreciate very much any feedback or comments you may wish to provide in the text box at the end of the survey as these will be used as the basis of qualitative analysis and action.
